

Stray Cat Rescue

2013-06-02 18:08:29 by BobbyG

a woman and her young children
carried a cat

there in a forest filled
with water and stone.
he rode in the arms
of people he had just met.

“he followed us.
we’ll take him home
if no one owns him,”

the woman spoke,
the children smiled,
and the cat clung
to his new family.

of such small victories
is meaning made and
life blessed.
